

# DEVICE CHARACTERISTICS

## PORTABLE OZONE GENERATOR

### OTriKS.03MB

#### OZONE (O<sub>3</sub>)

- Purifies air and cleans surfaces.
- Destroys viruses and bacteria.
- Eliminates unpleasant odors.
- Efficiency – up to 99 percent.

#### APPLIANCE

- OTriKS.03 is suitable for any premises up to 20 m<sup>2</sup>.
- It has 12V and 220V connectors, so it can be used both at home and in the car.
- The shortest ozonation time is 20 minutes.
- Ventilation of premises is necessary after ozonation.
- There must be no people or animals in the premises

#### TECHNICAL SPECIFICATIONS

|                    |                |
|--------------------|----------------|
| Voltage            | 12 V           |
| Energy consumption | 20 W           |
| Ozone output       | 0.3 g/h        |
| Measurements       | 19 x 12 x 8 cm |
| Housing colour     | Black          |
| Weight             | 450 g          |
| Working mode       | Manual         |
